

BLIZZARD FROM DAKOTAS TO TEXAS

WIND, SNOW AND SLEET UNITE IN WILD FURY

strikes Great Plains; Puts Every Wire Between Denver and the East Out of Commission

DENVER, Jan. 29.—A tremendous gale of wind, snow and sleet struck the great western plains, east of here, during the night and soon every telegraph wire between Denver, Ogden and the east was put out of commission. The storm's extent is from North Dakota to the northern portion of Texas. From incomplete reports it was raging furiously today with unabated fury. The effect of the storm on the telegraphic service is very bad because the sleet is coating the wires with ice, breaking them down. Crews of men have been sent out, but every wire communication taken by the telegraph companies is subject to delay. The storm did not perceptibly interfere with railroad traffic. One of the freaks of the storm was a combination blizzard and sand storm at Grand Island, Nebraska, where a junction of railroads and a nucleus of telegraph lines is established. It wrought great havoc. A second storm is reported this morning between Kansas City and Chicago.

WORST BLIZZARD OF 20 YEARS IS RAGING

CHICAGO, Jan. 29.—One of the worst blizzards of recent years is sweeping Nebraska, extending northward to Minnesota, where the mercury is below zero. All wire communication to Nebraska is cut off. A message from Lincoln, before the last fires went down, reports that the blizzard is the worst in twenty years. There will be much suffering among the poor.

RAINS ARE STALLED; PASSENGERS SUFFER

DENVER, Jan. 29.—Half a dozen trains, including two passenger trains, are stalled on the South Park division of the Colorado Southern, in the vicinity of Como at the top of the continental divide, as a result of the blizzard. Passengers are suffering severely from cold and hunger, as supplies cannot reach them this morning. Aides are reported in several sections and the storm damage is heavy. A

TRUE LOVE'S COURSE HINDERED IN JAPAN

able Would Wed Plebian Girl Although Three Times Her Age

TOKIO, Jan. 29.—Count Tanka, minister of the Imperial household, today submitted to the demands of the press and the nobility, and agreed to break his engagement to marry Miss Ko Kobashi, a plebeian. The newspapers arraigned Tanka both on account of the difference in rank between himself and the girl, and the difference in ages, he being thirty-seven and she but twenty.

FAMILY OF SUSPECTED MURDERER STARVING

SAN JOSE, Jan. 29.—The wife and three little children of Victor Sepulveda, who is suspected of murder, are in the hospital today in a precarious condition from starvation. A roasted pumpkin has been their only food since Tuesday. Sepulveda was arrested Tuesday on suspicion of the murder of William Thurston, a grocer killed near Willows.

MANAGER SUICIDES

LONDON, Jan. 29.—George Scott, a prominent theatrical manager, was found dead, with a bullet hole in his head in his room at Hotel Tavistock today. It is believed he committed suicide. He was recently appointed manager of the Frohman theatre.

SNOW SLIDE AT TELLURIDE, COLO., IS REPORTED AS THE SEVEREST OF THOSE HEARD FROM.

FORTY MILE AN HOUR GALE SWEEPS COUNTRY

ST. LOUIS, Jan. 29.—A windstorm that has been sweeping Oklahoma and parts of Missouri, reached here today in the form of a forty-mile-an-hour gale. There has been but little damage in this city, but reports from the southwest indicate a heavy property loss. Nearly all the wires are out of commission.

TRAGEDY OF THE SNOW WAS REVEALED TODAY

BUENA VISTA, Jan. 29.—A tragedy was revealed today when the body of W. B. McClure, an aged veteran of the civil war, was found starved to death near his cabin on Mount Princeton, six miles from here. He ran out of supplies and the drifts and slides prevented his getting more. He was sixty-five years old.

FRISCO CHINESE ARE INCREDULOUS

Of Report of Pu Yi's Death, As Merchants Have Had No Word of It

SAN FRANCISCO, Jan. 29.—The rumored death of Pu Yi, the Chinese boy emperor, is discredited in local Chinatown today. Several prominent merchants who have representatives in Peking, declared they had received no word from their correspondents on the subject, and therefore do not believe the report.

PLANS TO BEAUTIFY PARK IN REDLANDS

REDLANDS, Jan. 29.—Frederick Hosp, the landscape gardener, who planned the floral and forestry improvements of Smiley Heights, has arrived in the city to draw plans for the improvement of the new A. K. Smiley library park, south of the present park and library.

MARVELOUS ARE THE LATEST IN ORANGES

LOS ANGELES, Jan. 29.—A fine display of citrus fruit is made by Imperial Valley at the Chamber of Commerce. Navel oranges, a cross between a navel and a Valencia orange, are of interest to horticulturalists. The exhibit includes other varieties of oranges, tangerines, grapefruit, spineless cactus, peanuts and cotton.

DISCOVERER OF FAMOUS MINE HAS PASSED AWAY

BUTTE, Jan. 29.—Michael Hackey, the discoverer of the famous Anaconda mine, now owned by the Amalgamated, died here today. He was a noted Montana pioneer.

CATTLE REACH CITY DEAD AND DYING

Herald Charges That Nineteen Carloads of Stock Are Barbarously Treated

LOS ANGELES, Jan. 29.—The Los Angeles Herald said this morning: Nineteen carloads of starving cattle, many dead in the cars, some dying, others down, the hide torn from their backs and their sides and horns broken and bleeding, arrived in Los Angeles yesterday afternoon over the Southern Pacific. They were unloaded at the stockyards in a barbarous manner that is a disgrace to a civilized country. The stock is from Douglas, Ariz., and is consigned to a cattle firm at Bakersfield. According to one of the men in charge, the animals had been in transit six days, and had received little attention.

MONEY ROOT OF ALL EVIL

Murders in Old World and New Incited by the Greed For Gold

BAKU, Russia, Jan. 29.—One man was killed and eleven injured today when anarchists threw a bomb into the shop of M. Asrieff, one of the richest merchants in this city. The anarchists had demanded Asrieff to pay a thousand roubles, which he refused. The merchant was among the injured and his store was wrecked.

MARSHAL NEAR DEATH WITH FOUR BODY WOUNDS

STOCKTON, Jan. 29.—George C. Morrison, the city marshal of Oakland, is near death with four bullet wounds in his body, received early today while attempting to arrest two thugs whom he interrupted breaking into the S. P. depot. He saw them at two this morning, when one drew an automatic pistol and fired four shots into the officer's body, then escaped.

DOUGLAS ROBINSON TO BE COMPLAINANT

WASHINGTON, Jan. 29.—It was announced at the White House today that Douglas Robinson, brother-in-law of President Roosevelt, decided to become the complainant in the proposed prosecution of the New York World, and other newspapers, for alleged libels connected with the Panama canal.

PAID PRICE FOR MURDER ON SCAFFOLD TODAY

SAN QUENTIN, Jan. 29.—Charles Baldesar, weak but game to the last, walked to his death on the scaffold in the state prison here this morning. He made no statement, and paid the price of a double murder at Stockton last fall with apparent resignation. As Baldesar weighed but 129 pounds, the fall was six feet, the longest on record here. Baldesar was 36 years of age. He murdered Everdice Verdugi, his mother-in-law, and Christine, his wife, during a fit of jealousy following a prolonged debauch.

CATTLE KING FINED FOR ILLEGALLY FENCING

BUTTE, Jan. 29.—L. J. Wilson, a wealthy stockman of Custer, was fined \$400 today in the Federal court, for illegally fencing land.

AN ANTI-ALIEN MEASURE IS DRAWN BY DREW

Modeled on Oklahoma Law as Suggested by President Roosevelt

ANTI-TRACK BILL IS RETURNED TO SENATE

With Unfavorable Report—State Ownership of Railways Recommended

SACRAMENTO, Jan. 29.—Assemblyman Drew, with the assistance of Governor Gillett, has prepared a substitute measure for the anti-alien bill prohibiting Japanese from owning land in California. The new bill introduced in the assembly today, is an act modeled after the Oklahoma anti-alien law as suggested by President Roosevelt.

Drew's substitute was offered as an amendment to the old bill, but several members, claiming a new measure, objected to the motion that it be adopted, and it was finally referred to the judiciary committee with instructions to report back Tuesday.

TO RAISE TAX RATE

SACRAMENTO, Jan. 29.—A bill allowing trustees of cities of the sixth class to levy a dollar tax rate instead of seventy-five cents passed the senate today. Willis of San Bernardino, is the author.

Governor Must Decide

SACRAMENTO, Jan. 29.—It is now up to the governor to say whether Los Angeles is entitled to three additional superior judges. The assembly today passed Roch's bill allowing Los Angeles twelve judges instead of nine, which is a substitute for senate bill seventy-eight.

Had Small Support

SACRAMENTO, Jan. 29.—Sanford's bill to compel paid lobbyists to register their names and purposes, and file statements of expenses at the capital received but seven affirmative votes today. Five Democrats: Sanford, Caminetti, Cartwright, Holohan, Campbell. Two Republicans: Bell and Stetson.

WANT PRIVATE CAPITAL TO HAVE STEAMSHIP LINE

SACRAMENTO, Jan. 29.—Assemblyman Drew made a futile attempt today to have the assembly take immediate action on Sanford's resolution memorializing congress to establish a steamship line between Atlantic and Pacific ports via Panama. The assembly held that the traffic bureau of the San Francisco Merchants' Exchange, which has demanded that the government shall not establish a line

(Continued on Page Four)

SNOW PLOW COLLIDES WITH PASSENGER TRAIN

TRUCKEE, Jan. 29.—General Manager Otis, of the Western Pacific Railway, was injured recently in a collision between the train and a double engine snowplow, according to a report received here today. The engine crew jumped into the high snow drifts and escaped serious injury. The collision occurred near Loyaltown. The snow plow collided with the rear coach of the passenger train which was backing toward Loyaltown after being blocked by the snow.

AMERICA'S EARTHQUAKE VICTIMS BROUGHT HOME

NEW YORK, Jan. 29.—The bodies of Arthur Cheney and his wife, killed in the Italian earthquake, were received here this morning and sent to New Haven, where they will be buried.

GOOD WISHES SENT TO CUBA BY TEDDY

Words of Encouragement Close America's Provisional Government

WASHINGTON, Jan. 29.—President Roosevelt sent a message to the president and congress of Cuba yesterday, announcing the close of the provisional American government and wishing success to Cuba. He said: "Upon the occasion of this final act, I desire to express to you the sincere friendship and wishes of the United States and our most earnest hope for the stability and success of your government. Our fondest hope is that you may enjoy the blessings of peace, justice, prosperity and orderly liberty, and that the friendship which has existed between the republic of the United States and the republic of Cuba may continue for all time to come."

FOUR BOATS IN PERIL OF COLLISION IN FOG

SAN FRANCISCO, Jan. 29.—An unusually heavy fog on the bay this morning rendered traffic extremely hazardous. At one time four boats were in imminent danger of crashing together off Goat Island, but a momentary lifting of the fog prevented the catastrophe.

MUNICIPAL LEAGUE WILL GIVE PUBLIC STATEMENT

LOS ANGELES, Jan. 29.—The executive committee of fifteen, of the Municipal League of this city, has prepared an official statement of reasons for the proposed recall of Mayor Harper, and will publish the statement in the February number of Municipal Affairs. In substance the statement declares that Mayor Harper has misused his appointive power in paying political debts and placing large power in dangerous hands, and that he has surrounded himself by a "circle of interested people who flatter and mislead him. In this circle are gamblers and the keepers of gambling houses, men of no reputation, keepers of disreputable saloons and lodging houses, cheap politicians. He has many excellent men among his commissions and among his friends, but he does not seem to heed their advice."

The League is convinced that the recall petition will receive the necessary number of names.

PASADENA READY FOR MUNICIPAL PIGGERY

PASADENA, Jan. 29.—The city council today officially endorsed Mayor Earley's plan of going extensively into the raising, fattening and marketing of hogs, the proceeds to go into the municipal treasury, by employing Charles L. Cochrane of Los Angeles, at a salary of \$125 per month as superintendent of the piggery. Mr. Cochrane declares the city garbage will support 10,000 hogs, but advises only 2000 at first, with a few chickens to fatten off the remnants. Ten acres on the 500-acre sewer farm will be utilized for the piggery.

MARRYING PARSON MET INJURY FROM STREET CAR

LOS ANGELES, Jan. 29.—Rev. W. A. Irwin, known as the "marrying parson," was thrown to the pavement early today and was probably fatally injured, while attempting to board a street car. The car crew started the car before the parson, who is 95 years of age, was aboard. His ribs were fractured and he may have concussion of the brain.

EXPECT TO OPERATE THE DESERT PLANT BY FEB. 15

Officers Pacific Coast Soda Co. President—R. T. Harris. First vice-president—A. J. Crookshank. Second vice-president—Dr. J. G. Bailey. Secretary—Mit Phillips. Treasurer—E. B. Van Horne. Directors—A. J. Crookshank, James Irvine, Mit Phillips, Dr. J. G. Bailey and R. T. Harris. Santa Ana; E. B. Van Horne and A. Stevenson, Los Angeles.

BOARD REMAINS SAME ONE CHANGE

Of the 640,000 Shares Issued There Were 550,428 on Hand Yesterday

MEETING HELD IN MERCHANTS' ROOMS

A. Stevenson of Los Angeles Takes W. H. Neher's Place On the Board

Within thirty days the Soda Lake plant of the Pacific Coast Soda Co. will be in operation and the company will begin to produce. This was a part of the reports made to the stockholders at the annual meeting of the company yesterday afternoon. An unexpected rain and cold weather on the desert caused delay in getting the work started, but the indications now are that the plant will be running full force by Feb. 15.

The meeting yesterday afternoon was held in the Merchants' and Manufacturers' rooms. Of the 640,000 shares of stock issued there were represented at the meeting 550,428 shares. The board of directors that held office last year was re-elected with the exception of W. H. Neher of Los Angeles. A. Stevenson of Los Angeles was elected to the board in his stead. Stevenson has bought Neher's stock. The board of directors organized by re-electing its officers.

R. T. Harris, president of the company, presided at the meeting. After the report of the president was read, questions were asked by stockholders and answered. The conditions as set forth in the report were enlarged upon whenever a stockholder sought detailed information. The meeting was harmonious. In part the report of the president follows:

Santa Ana, Cal., Jan. 28, 1909. To the Stockholders of the Pacific Coast Soda Company.

At the last annual meeting of the

(Continued on Page 8.)

ASK \$2850 DAMAGES FROM SURF GUN CLUB

Lowland Ranchers Claim Percolation From Ponds Ruined Their Crops

The sum of \$2850 is the amount asked by R. E. Smith and J. A. Dunn as damages from the Surf Land & Water Co. for the loss of crops planted on land adjoining the Surf Gun Club preserve, it being claimed by Smith and Dunn that the failure of the crops was due to the percolation from the duck ponds made on the gun club grounds. Suit for damages was begun in the Superior court today. Attorneys R. Y. Williams and H. G. Ames representing the plaintiffs.

Smith and Dunn, on Nov. 15, 1907, leased forty-seven acres from John Borchard, the rental to be one-fourth of the crop. In 1907, says the complaint, the farmers worked thirty days plowing and plating. Artesian wells were put down by the Surf Gun Club and the ponds were kept filled during the winter. The ground being porous, the adjoining land was

kept so damp that it was late before grain could be planted. It was so late that the crop was not good. The estimated damage to the crop that year is \$600. The loss of beets planted that year is placed at \$250. Another crop of beets, planted on twenty-seven acres of the land, was subirrigated and a poor crop resulted, the loss being put at \$2000. The total judgment asked is \$2850. The defendants named in the complaint are the Surf Land & Water Co., J. A. Anderson, E. W. Murphy, Frank H. Edwards, Edward F. Wehrle, E. S. Pillsbury, C. L. Loud and the Surf Gun Club, the men whose names appear being directors of the club. At the request of the farmers this land was viewed by W. T. Newland when he was chairman of the grand jury in December.

HUNDRED CARLOADS OF CELERY FOR THIS WEEK

WEATHER HURTS CELERY BUT LITTLE

Some Changes Are Expected in the Smeltzer Telephone Office

FINDS CATTAILS IN HIS COUCH

S. J. Hewitt Carrying An Arm in Sling—Kicked by a Horse

SMELTZER, Jan. 28.—If the weather permits there will be something over a hundred cars of celery out of Orange county this week with a scant seventy-five cars for next. With shipments so light the present prices of 20 and 30 cents should hold out for some weeks. The crop is standing the wet and mud remarkably well and some of the very finest stock of the season went out Wednesday. There have been about 1050 cars as a total shipped from Orange county this season and it is doubtful if the final total will reach 1500 cars.

The Kind You Have Always Bought
Bears the Signature of *Dr. J. C. Watson*

AN APPETIZING CUT

of properly cooked meat is the basis for a tempting repast. The

BEEF, PORK, VEAL AND MUTTON

that we handle is of the choicest. We dress our own meats; we have our own cold storage and refrigerating plant. That's why our meats are best.

FOURTH ST. MARKET,
Bergman & Obarr.

the northern California districts that only 140 acres of celery, on the Wright tract, have been flooded, notwithstanding newspaper reports to the contrary, and that on Tuesday of this week three cars were loaded and shipped out. It has been raining up there for about a month and the high water will likely make next season's crop very late unless they can get land not in the overflowed districts to grow their plants on.

The California Vegetable Union and the Earl Fruit Co. will soon have an up-to-date and speedy gasoline launch for use in their business on the Sacramento and San Joaquin rivers. It will have a cabin and every modern lighting and a speed of ten miles per hour. If the present rains continue much longer we will have to have one for use in this district.

Frank L. Carlyle has twenty-six men making crates but as yet is unable to gain any on the cutting and loading crews. In January he has made so far close to 100,000 crates.

Changes Coming
There will be a number of changes in the force on the local Home telephone exchange on the first of February. Miss Georgia Boehme has resigned, effective on said date, and Cliff Hunt went to San Pedro and Dominguez Sunday and likes it away from Smeltzer so well that he leaves on that date too. Misses Daisy and Margaret McDonald are to take their places on the night and day shift respectively. We are losing two operators who have always been competent, courteous and obliging and they have our good wishes in their new homes. Miss Boehme is to return to her home in Santa Ana and it is understood Cliff will spend a few months at the home of his mother in Beaumont.

Smeltzer Notes
There was an informal gathering of congenial spirits and old friends at Hotel Golden West Saturday night and the time was passed in games and dancing. There was a large attendance from the vicinity of Berrydaye and Garden Grove in addition to ones from closer home. The writer had to retire from the festivities at 10:30 to get an early start for Los Angeles next morning and has only a confused recollection of being presented to a great many people, men and ladies, young and old, so cannot give any details and there were so many in attendance it is not practicable to try and give a list of names. However, all vote they had a royal time and returned home next afternoon.

There is quite a difference of opinion among Smeltzer people as to the ultimate effect if the rains we have been having continue; the writer holds the mud will finally all wash away and we will have good roads, while Cliff Hunt contends the town will soon float away and says in such an event he will wash the hotel kitchen to the telephone office and float down stream with the headquarters of the local food supply.

Smeltzer may seem to a stranger as if it were always dull, but on the contrary, there is always something doing, in practical jokes if nothing else. E. J. W. Harriman on returning to his rooms late one night found his bed filled with loosened cat tails and spent several days cleaning them out. Last night on returning he found his

door nailed shut and had to act as a battering ram and force his way in, but the writer has been told it is adding insult to injury when on investigating a suspicious looking lump under his bed clothes he brings to light an empty beer bottle.

Monday night as the conductor of the celery special came into the S. P. office for his billing the train started for Los Angeles without him and he was unable to flag them. However, they soon found him missing and came back for him.

Personals
S. J. Hewitt attended lodge meeting at Wintersburg Wednesday night.

Don McMillen has returned from Polloerino and is loading cars at Smeltzer this week.

Harry Cole is with us again after an absence of several days.

Fred Hopkins expects to remove to Tulare county after the celery season is over.

Mr. H. S. Hazeltine made a business trip to Santa Ana Thursday.

Harry Woodington has installed a new power hammer in the Golden West blacksmith shop and now it sounds like the Union Iron Works.

Fred H. Hunter of the Germaine Seed Co. was in Smeltzer Thursday.

Miss Minnie Washburn was a guest of Mrs. Emma Hill Tuesday.

Mr. E. A. Curtis of the California Vegetable Union was shooting on the Golden West Gun club reserves Wednesday morning.

Mr. and Mrs. Frank Walker and Mr. and Mrs. G. A. Walker were guests at an oyster supper at the home of Fred Hopkins Saturday.

The bridge on the Golden West private road to Wintersburg is in bad order from the heavy rains and Will Sharratt has posted a danger sign on it.

Used a Sling
S. J. Hewitt, the Golden West blacksmith, was kicked by a refractory horse Friday, being struck on the wrist joint of his left arm and the iron shoe cutting to the bone. He carried his arm in a sling several days but is all right now.

Cliff Hunt, who is painting the scenery for the Woodmen entertainment at Wintersburg, says he has it all done save some stone work for which he says he may substitute reinforced concrete.

Bert Cooper spent all day Wednesday hunting ducks on the Golden West Gun Club reserves. He sat in a blind from 4 a. m. till dark and came home with seventeen ducks.

A GOOD REASON

Santa Ana People Will Tell You Why It Is So

—Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause backache, headache and distressing kidney and urinary complaints. Santa Ana people testify to permanent cures.

W. H. Wilkinson, of 918 Cluster St., Santa Ana, Cal., says: "I was subject to attacks of kidney complaint for ten or twelve years. I had severe pains in my back which were almost unbearable at night. I rubbed myself with liniment and tried many recommended remedies but failed to find relief. There was also a difficulty with the kidney secretions, they passing too frequently. I consulted a doctor who told me that I had kidney trouble due to too much riding. As driving had been my occupation for a good many years I knew this must be true, so when a friend recommended Doan's Kidney Pills to me, I procured a box at Tubbs & Co.'s drug store. After a few doses I was relieved and continued to improve as I kept on with their use. It required just one box to thoroughly eradicate the long standing complaint and I have since had no pains or aches in my back. My strength and energy have returned, I can rest well at night and feel like a new man. I cannot say too much for Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Paso Robles Hot Springs

An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines

ABSOLUTELY FREE

For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

Home Herald

"A PAPER WITH A PURPOSE"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. Washington Gladden, John B. Alcorn, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, John C. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

Vick's Magazine

"A PERIODICAL OF PROGRESS"

Vick's Magazine, founded in 1878 by the eminent pioneer seedman and philanthropist, James Vick, has ever been the leader among the publications of its class. It is essentially a home magazine and maintains that direct personal interest in its subscribers, in the same way that its founder did over thirty years ago.

Vick's Magazine is distinctively a "Booster Magazine," boosting every good thing worth boosting. Therefore, the chief aim of Vick's is to show how the graces of human nature may best be cultivated by giving in cheery and breezy narrative, story or verse, interesting exhibits of good things that may be done in the cultivation of a light heart and a happy good nature.

Vick's Magazine has some very special numbers coming, among them, "The Enjoyable Farm Home," "The Orchard Bountiful," "The Home Garden," "The Country Beautiful," etc. All this matter by the most renowned writers in the United States.

Vick's Magazine has a real, positive and practical value to its subscribers. Through its many departments, in charge of a corps of capable editors, it reaches every interest of the home. Notice the following interesting departments: Floral, Garden, Household, Clever Ways of Doing Things, Fashions, Dressmaking, Fancy Work, Home Building, Question Box, Poultry, etc. Vick's Covers are in two colors, 36 pages, printed on good stock.

Here Is Our Offer

World's Events, 12 numbers	\$1.00
Home Herald, 13 numbers (special)	.50
Vick's Magazine, 12 numbers	.50
Santa Ana Daily Register (by mail)	4.00
Total subscription price	\$6.00

ALL for \$4.00 a year if the Register is sent by mail

All for \$5.00 a year if the Register is sent by carrier

N. B.—The only condition imposed is—that the subscription shall be paid a year in advance. And it would pay every one of our nearly 2500 subscribers to do this, whether they got a premium or not or it would save each of them \$1.00 if served by carrier or \$2.00 if served by mail, and all inconvenience or annoyance of having collectors call on them.

Address: Register Publishing Co., Santa Ana, Cal.

What Makes a Bank Strong?

In judging a bank, always remember that it is Capital, Surplus and Undivided Profits that give security to the depositor, because that money is what stands between you as a depositor and any possible shrinkage in the securities held by the bank.

Few institutions in the country have a larger margin of safety than the

First National Bank Of Santa Ana

which, with the watchful interest of a very capable and conservative Board of Directors and the constant inspection of the Bank Examiner, has built up a strong institution—one whose

Capital, Surplus and Profits of \$300,000

give assurance of absolute security and account for our more than \$900,000.00 deposits.

The Santa Ana Savings Bank, under the same management, pays four per cent interest on time deposits, issuing certificates of deposit for six months and renewable, in sums of \$50 up.

From Orange And Vicinity

MRS. A. F. BRADSHAW, Editor and Manager.

Office With J. C. Briggs. 'Phone Main 573

HOPE TO BUILD CHURCH HERE

German Methodists May Put Up Structure on Maple Avenue

The German Methodists of this locality are making a strong endeavor to build a church in Orange. They have contracted through C. H. Kluckholm for the purchase of the southwest corner of Maple avenue and Orange street, opposite the Presbyterian church. Should the church be erected it will be the fourth church in a range of two blocks on Orange street.

FIRST CONCERT BY THE ORCHESTRA

This evening will be given the first concert by the O. U. H. S. orchestra under the leadership of H. C. Babize. This will surely be a treat to all music lovers.

Following is the program:
March, "Sergeant at Arms," Orchestra.
Selection, "Martha."
Flute solo, "Blue Bells of Scotland," R. Pyke.
Vocal selection, Chorus.
Serenade, "Summer Night," Orchestra.

Cornet solo, "Alice Where Art Thou," Stacy Buchanan, with orchestra accompaniment.

Mandolin solo, selected, Henri C. Babize.

Selection, "Bohemian Girl," Orchestra.

Selection, Mandolins and Guitars.

March, "Sword of Honor," Orchestra.

ANOTHER SHOP FOR BIKE REPAIRS

Orange seems the place for bicycle shops, as it has more per capita than any other place within our knowledge and all are apparently prosperous. Another one is about to open on North Glassel in the building recently vacated by the tea and coffee store.

W. G. Hagen and Jack Pratt, both experienced men in this line, are to be the proprietors.

Fixing It Up

B. F. Houts, who recently purchased a cottage of Mrs. W. W. Pratt on S. Orange street, is having it thoroughly remodelled and will make a neat, modern cottage of it. It is the third one of the "Arnold cottages" and most conveniently located.

DISTRICT DEPUTY VISITED CHAPTER

Last Night's O. E. S. Meeting Was Both Pleasant and Profitable

Scepter Chapter, O. E. S., held its regular meeting last evening and had the pleasure of entertaining a distinguished guest, Mrs. Edna M. Theime, district deputy grand matron of California.

Mrs. Theime, by her sweet and gracious manner, in her unpleasant position of critic, won the hearts of all officers and members alike. It is hard to correct errors in a manner which carries with it no sting, but this the district deputy succeeded in doing. She complimented the Chapter upon its work and found very few faults to correct, and these mostly of nervousness in the presence of a grand officer rather than lack of knowledge.

After the regular work a bounteous supper was served in the dining room, consisting of salad, escalloped oysters, cake, coffee, etc.

With the worthy patron, J. L. Knesel, as toastmaster, many serious and comical toasts regaled the diners. The evening closed at a late hour, one and all expressing themselves as delighted with the evening.

MUSICAL GIVEN WAS A SUCCESS

The musical given last evening under the auspices of the Ladies' Aid of the M. E. church was even a bigger success than the ladies had hoped for. The house was packed to its utmost capacity and every number on the program was a brilliant success. Miss Dean surpassed expectations. The receipts of the silver offering were \$36, more than had been expected.

Those who failed to attend missed a rare treat and are to be commiserated.

State Picnics

This is the day set for the Kansas picnic to be held in the sun parlor at Long Beach. The day being beautiful Kansas are making the most of it. Tomorrow the Michiganders hold their annual state picnic in Los Angeles. A good sized contingency from Orange will be in attendance if the weather continues pleasant.

Important Meeting

On Thursday afternoon, February 4, the Ladies' Aid and Missionary societies of the Presbyterian church will meet with Mrs. John C. Briggs of South Glassel street at 1:30 sharp. Business of importance will be transacted. All members are urged to attend.

WILL BUILD CHURCH SOON

Episcopal Congregation Has Purchased Lots for a Building

The Episcopal church has purchased from Mrs. Nettie Robertson and Mr. Erwin Rusk two lots on the corner of Grand and Maple on which they expect to erect a church edifice soon.

PERSONAL

Mrs. Schooley's sister and family, from Pennsylvania are spending the winter in Orange with the Schooley family.

Burt Stephenson, the forest ranger for this part of the country, and his wife and baby stopped last night in Orange with Mrs. E. B. Adams.

Mr. and Mrs. Palmer from Furnas county, Neb., are visiting with Mr. Campbell's people on North Glassel street.

Miss Dean of Los Angeles, accompanied by her friend, Miss Nelson, were entertained by Mrs. Shadel yesterday and last night. They return to Los Angeles today.

A. R. Fernald has been on the sick list for a day or two but is improved.

Mr. and Mrs. Downs had the pleasure of entertaining Mrs. Theime, district deputy grand matron of the O. E. S., on her visit here yesterday and today. She leaves today for her San Diego home, but will make Santa Ana a visit in a few days.

Mr. and Mrs. Bartley of El Modena, who have been ill for some time, are reported as being no better at the present. Their daughter, Mrs. Thomas, with her family, has given up her home and is living with and caring for her father and mother.

Mrs. Leach has again received sad news, this time of the death of her brother, M. L. Weeks, of Vallejo, which followed closely upon the death of his wife, Emma Weeks, as reported a few days ago.

Mr. and Mrs. S. Thompson of McPherson are enjoying a visit from Mrs. Harry Mitchell and children of Corona.

X. D. Ayers, wife and children from Kansas, who are spending the winter in Southern California, are visiting at the Urschel home in Villa Park. The Urschels were old-time Kansas friends.

Miss Louise Evans, who lives in Villa Park and is house-mother to the little Jesson girls, has been quite ill with the grip, but is improving.

Rev. J. Bond of Villa Park who has not been well for months past, suffered a stroke of paralysis early this week and small hopes of his recovery are entertained.

C. O. Snyder, owner of an orange grove in Villa Park, has sent word to E. H. Adams who has charge of the place, that he and his family will arrive on Feb. 20 to make their home on the ranch. They are at present in Northern California.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Consultation by letter free of charge. Address: Dr. Pierce's Invalids' Hotel and Surgical Institute, No. 63 Main Street, Buffalo, N. Y.

REPORTS MANY CASES OF RHEUMATISM

Valuable Prescription to Get Relief Which Anyone Can Prepare at Home

—Thousands of men and women who have felt the sting and torture of this dread disease, which is no respecter of age, persons, sex, color or rank, will be interested to know that while for many years rheumatism was considered an incurable disease, now it is one of the easiest afflictions of the human body to conquer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the system, which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys, however, are of sponge-like substance, the holes or pores of which will sometimes, either from overwork, cold or exposure become clogged and inactive, and failing in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles, cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, weakness, etc.

The following simple prescription is said to relieve the worst cases of rheumatism because of its direct action upon the blood and kidneys, relieving, too, the most severe forms of bladder and urinary troubles: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime. The ingredients can be had from any good prescription pharmacy, and are absolutely harmless and safe to use at any time.

THEY WILL DEBATE ON SATURDAY AT 8

On Saturday evening, January 30th, the Pro and Con club of the O. U. H. S. will debate with the Santa Ana high school team on the question, "Resolved, That the women should be given equal political rights with men in the United States." Orange will carry the affirmative. The hour is 8 sharp in the O. U. H. S. building.

Bought a Ranch

Dr. H. C. Talley, who is erecting a cottage on the southwest corner of Orange street and Culver avenue, has completed the purchase of 100 acres of land west of Santa Ana from A. McCowan.

A Club Dance

A club dance will be held this evening in the Palmyra hotel. The music will be furnished by the Babize orchestra.

Pacific Coast Soda Company

—Principal place of business, Santa Ana, Orange County, Cal. office of the company, No. 110½ E. Fourth St., in said city.

Notice is hereby given that at the meeting of the Board of Directors of the Pacific Coast Soda Company, held on the 6th day of January, 1909, an assessment of Two Cents (\$.02) per share was levied upon the capital stock of the corporation, payable on or before the 6th day of February, 1909, to the Secretary of the Board of Directors of said company, at the office of said company hereinabove specified.

Any stock on which this assessment shall remain unpaid on the 13th day of February, 1909, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 6th day of March, 1909, at the hour of 10 o'clock a. m. of said day, at the above entitled office, to pay the delinquent assessment, together with cost of advertising and expenses of sale.

By order of the Board of Directors. MIT PHILLIPS, Secretary Pacific Coast Soda Co. No. 110½ E. Fourth St., Santa Ana, California.

COMPARE these \$1500 wonders(?) with a real automobile at the Auto Show this week.

ELECTION ON FEBRUARY 8

Several Applications for Membership Have Been Received Recently

Company L, N. G. C., of Santa Ana, will hold an election for captain on February 8, in its armory. Orders for the election have been received. The election will be in charge of Lieutenant Colonel Saltmarsh of Los Angeles. The members of the company do not yet know who will be candidates for election, and candidates do not seem to be very plentiful, the office carrying considerable hard work with it as well as glory. The company has been without a captain for several months.

Interest in the company has been picking up of late, several applications for membership having been received. The public does not seem to understand the great value membership in this organization is to a young man. The training in itself is worth a great deal. The company has attractive club rooms where members may spend evenings and spare time. The rules are strictly against the bringing in of liquor of any kind, and the officers have no difficulty in enforcing the rules, as the members have no disposition to violate it.

Inspection will be held on March 4. The company is working hard to get in shape for this annual visit of state officers.

Byron Hot Springs

PURIFYING MUNICIPAL GOVERNMENT

One of the subjects in political advancement which is attracting particular attention is that of the initiative, referendum and recall. In a paper read before the National Municipal League, Robert Treat Paine, Jr., of Boston, told what had been accomplished. As chairman of the executive committee of the Massachusetts Public Opinion League, Mr. Paine has been seeking to obtain effective legislation in that state on the subject.

Some of the results cited by Mr. Paine were:

"Los Angeles adopted provisions for the initiative, the referendum and the recall in a new charter, 1903. San Diego, San Bernardino, Pasadena, Sacramento, Santa Monica, Alameda, Eureka, Santa Cruz, Long Beach and Riverside did likewise in their charters. San Francisco, Vallejo and Fresno had adopted the initiative previously and the system was enlarged later.

"Portland, Oregon, adopted the initiative and the referendum in its municipal charter. In 1906, Oregon, by a popular initiative, voted 47,678 to 16,735 to authorize any city or town to establish local direct legislation."

"Seattle, Spokane and Everett, in Washington, adopted direct legislation. More or less complete provisions for direct legislation have been added to the Galveston plan as applied in San Antonio, Houston, El Paso, Fort Worth, Dallas and Waco. Des Moines, Iowa, combines direct legislation with the Galveston commission system. Cedar Rapids adopted direct legislation. Lewiston, Idaho, obtained a commission charter with direct legislation in 1907.

"Leavenworth, Kansas, has a commission government with a referendum on all franchises. Haverhill and Gloucester, among Massachusetts towns, have followed the Des Moines model. South Dakota, in 1907, authorized a commission form of government in all cities, with a five per cent initiative and referendum.

"Kansas City, taking advantage of the home rule provisions of the Missouri constitution, adopted in August, has a commission charter with direct legislation. Omaha, Lincoln and other Nebraska cities have adopted the provisions authorizing the initiative and referendum. Denver adopted direct legislation in 1904. Memphis, Tennessee, has a referendum on franchises. Montana granted direct legislation to cities and Maine permits voters in any municipality to establish it."

Mr. Paine cited examples of other cities in which the tendency is toward a more popular form of government and, speaking of the approval given in cases where such legislation was suggested, he said:

"The popular votes accepting direct legislation generally have been overwhelming. No instance is known where the system once established and tried has been repealed. Many other cities are actively considering its adoption today."

The Fresno authorities are going after the stores that are selling tobacco to boys under the legal age of 16 years, and as a result of investigations so far made, 18 arrests have taken place. It is expected that more will follow as additional evidence is said to be available. A few convictions are likely to inspire a wholesome respect for a law that in many other cities besides Fresno seems to be more honored in the breach than in the observance.—Riverside Press.

A man who threw an egg at Senator Jeff Davis the other day was fined \$1. The Des Moines Register and Leader declares that he got off too easy. "No man who throws valuables around like that should escape a jail sentence."

"Perhaps you never heard of Congressman Willett before. So far as we are able to recall neither did we," confesses the Des Moines Capital.

"No, gentle reader," gurgles the Waterloo (Iowa) Reporter, "this is not an April shower. You have not been on the water wagon that long."

Being wicked is defined by a reckless contemporary as doing anything you thoroughly enjoy and can't afford.

TEACHER CALLED EAST BY ILLNESS OF HER MOTHER

The Anaheim Fire Department Has Elected Officers for the Ensuing Term

ANAHEIM, Jan. 28.—Miss Bertha Schmidt, teacher of the seventh grade at the Central grammar school, has gone to Michigan on account of the sudden death of her mother.

The fire department has elected these officers: N. F. Steadman, chief; Herman Stern, assistant chief and treasurer; N. B. Tedford, secretary and foreman of the hook and ladder truck; W. P. Quanton, foreman of the hose-cart brigade. M. F. Steadman was presented with a handsome loving cup by the department members.

The Anaheim Gas Company has received a large tank which will hold 40,000 cubic feet. The company is expending over \$10,000 in improvements.

U. E. SQUIRES PROPOSES THAT REMAINING SHARES OF S. A. V. I. CO. BE SOLD

Editor Register: You have generously given much space in your journal to the discussion of the financial matters of the S. A. V. I. Co., and very properly have you done so, for whatever concerns the welfare of the company equally concerns the well-being of the county at large, and it is a matter of interest to every newspaper in the county and to all their readers. For this liberality the Register deserves all thanks.

But there is one phase of the question and one source of revenue that has not yet been discussed or even been lightly touched upon. To this hitherto unmentioned source of revenue I now desire to call attention, hoping thereby to awaken thought and arouse discussion and it may be to evolve some plan by which the company may be greatly benefitted.

The stock of the company consists of 20,000 shares and there are supposed to be 20,000 acres of land upon which to locate it. About 17,500 shares have been sold, so that there now remain to be sold 2,500 shares, which if sold at the price now ruling, will bring about \$150,000, perhaps more, as I do not know the exact selling price. Now the men who own unstocked land have had about 35 years in which to stock it, and a man who has slept on his rights for 35 years ought to be awakened, and I propose that we arouse him. A right in any company carries with it a corresponding responsibility and duty, and he who expects to retain his right must not shirk or sell to avoid his responsibility, but must perform his duty, standing side by side with his fellow stockholders.

The men who own about one-eighth of the land that might be watered by the ditches of the S. A. V. I. Co., have for thirty-five years failed, neglected and refused to take out stock in the company—have failed to bear their share in the development of the country, have shirked their duty, have neglected and refused to do that which they should have done to retain rights, and, as we claim, have thereby forfeited their rights, that by reason of non-use their rights have lapsed.

What then should be done in the matter? That is the question to be discussed and solved.

We would suggest that after fair notice and a reasonable time given to these owners of unstocked lands, that the by-laws of the company be so changed that other stockholders may be allowed to purchase this unstocked land under such restrictions and limits as the Board of Directors in its wisdom may prescribe.

The unstocked stock is about one-eighth of the whole amount, so that if each man who has already stocked his land could and would buy an additional one-seventh of a share per acre the entire amount would be sold, but if no man could buy more than that there would be no hurry to buy, just as it has been heretofore, but if a man could buy, we will say one-half share additional to what he has, then there would not be enough to go around and this would be a great inducement to buy at once, so the stock would be all sold and the company

would come into possession of a large sum of money with which to buy lands and go on with needed improvements.

But we claim further, that unless something of this kind is done, there is reason to believe that much of this remaining stock will never be sold, for there is a large amount of land in the river bed and in the bed of the Santiago that will never be stocked. There are also some damp lands that do not require irrigation. There is also in Santa Ana and Orange much land that will never be irrigated. So for all these causes much stock will forever remain unsold unless something is done in the matter.

It is also claimed that there never was as much as 20,000 acres of land within the irrigable limits of the company. The matter of the owners of stock paying the assessments on the stock that other men should have bought as we have done heretofore will perhaps be another story.

U. E. SQUIRES,
Olive, Calif.

ANTI-ALIEN MEASURE DRAWN BY DREW

(Continued from Page 1.)

until private enterprise be given a chance to enter the field, should be given every opportunity to present their arguments.

RACING ELEMENT WILL GO TO CITY OF MEXICO

SACRAMENTO, Jan. 29.—When the legislature next week bars racing from California, it will drive it to the City of Mexico, where Tom Williams, president of the California Jockey Club, has negotiated with President Diaz for a ten years' privilege to hold horse races, engage in book making and selling of futures. Williams said today:

"If the legislature votes against racetracks, we will establish ourselves in Mexico, first of all in the City of Mexico. There won't be any

EYES

If they trouble you consult Dr. Wilcox who will examine them free. Lenses ground and glasses ready for you the same day.

DR. WILCOX EYESIGHT SPECIALIST

trouble about the sport there. President Diaz, to my mind, is one of the most progressive rulers on earth."

The public morals committee of the Senate last night reported unfavorably the Otis-Walker anti-race-track bill, after a sensational meeting.

No minority report was filed, and nothing was said when the report was made. Both sides have decided to let the measure take its regular course, going on Monday to its second reading and file, then on Tuesday to its third reading and final passage.

Although the public morals committee held an executive session after last night's exciting public hearing on the race-track question, and although five members of the committee came to a surprising division, no suggestion of it crept into the formal report of Chairman Weed today. It is known, however, that Senators Savage and Kennedy voted to return the measure with the recommendation "do pass," while Senators Leavitt, Wolfe and Weed opposed them. No attempt, however, was made by the committee to amend the bill or jockey its course by subterfuges.

STATE OWNERSHIP OF RAILWAY LINES FAVORED

Senator Caminetti's constitutional amendment, authorizing the state to construct and maintain railway highways, was reported out of committee today, favorably. Caminetti said he expected this action, as the measure had appealed to his colleagues as a sound business proposition. He said the water-around-railroads of San Francisco, owned by the state, earned a handsome profit last year.

WOMAN SUFFRAGE MEETS DEFEAT IN ASSEMBLY

The proposed woman's suffrage amendment to the state constitution was defeated yesterday in the Assembly by a vote of 39 to 37, with four senators absent, a two-thirds vote being necessary for the success of the measure.

Mrs. Lillian Harris Coffin, state chairman of the Woman's Suffrage League, regards the result as a real victory for the movement. The vote of yesterday settles the matter for this session, but the women believe the agitation has gained thousands of converts.

FRENCH ACTOR BURIED
PORT AIX DAMES, France, Jan. 29.—Constant Couquelin, the eminent French actor, was buried here today.

WASHINGTON FAVORS WOMEN
OLYMPIA, Wash., Jan. 29.—The House today passed the woman's suffrage bill by a vote of 70 to 18.

Wonderful Boy Soprano

Tonight at Spurgeon's Hall will appear the gifted boy soprano, Vernon Bettin, who has won praise wherever he has been heard. One of the flatterer notices he has received, is given below from the Stockton Independent of January 23, 1909:

Master, Vernon Bettin, boy soprano, who sang for the public last night at Masonic hall, delighted his audience and showed a remarkable voice. His interpretation of difficult selections was artistic and would have been creditable in an adult singer. The boy's voice is a pure soprano of beautiful quality and he has been taught how to use it artistically. He sang last night selections by Gounod, and one number was the famous La domine Mobile, one of Caruso's favorites; the Flower Song, from "Faust," a selection that gifted song birds of grand opera delight to sing, was another pleasing number.

The charming singer responded to earnest encores. He was assisted by the talented violinist, Miss Blanche Morrill, who always pleases the public.

Bankers' Banquet

One of the coming social events is the annual banquet of the Orange County Bankers' Association, to be held in Elks Hall next Friday evening, Feb. 5.

Scandrett-Clark

Miss Minerva Clark, for a number of years a resident of Old Newport, and well known in Santa Ana, was married in Merced on Jan. 20. She is a cousin of Robert Speed. The Merced Sun says of the wedding:

"One of the pretty weddings of the season was celebrated at the home of J. A. Clark, in the British colony, at 10:30 this morning, when Thomas H. Scandrett was united in marriage to

Miss Minerva C. Clark. Mr. Scandrett is superintendent of the Crocker ranches and also one of the supervisors of Merced county, while the bride is one of Merced county's best teachers.

"The parental home was beautifully decorated in smilax, pepper boughs and violets, while a great white bell, beautifully decorated with smilax and violets, suspended in an archway, marked the spot where the marriage service was read. Rev. H. C. Shoemaker read the marriage service of the Presbyterian church, and the father gave away the bride. The bride was very beautiful in a dress of pure white, while the groom was dressed in the accustomed black. After the ceremony the company, composed of near relatives and friends, sat down to an elegantly served wedding breakfast."

Went to Kansas Picnic

Col. and Mrs. O. H. Coulter left yesterday afternoon to attend the Kansas picnic to be held today in the sun parlor on the big pier at Long Beach. Col. Coulter was slated as one of the speakers of the occasion.

The Coulters went via Los Angeles, taking in the automobile show last evening and spending the night with their daughter, Mrs. Robert Watson.

New Officers Installed

The Modern National Reserve held a postponed installation of officers on Wednesday night, followed by a banquet. The following officers were installed:

Past president, A. H. Morrow; president, W. H. McCord; vice-president, D. W. Stearns; guide, O. H. Hall, Jr.; secretary, Clara McCord; treasurer, Mrs. E. J. Warren; inner guard, T. L. Warren; outer guard, A. M. Dishman; chaplain, Mrs. O. H. Hall, Jr.; pianist, Mrs. Ernest Kellogg; Lady Goodwin, Mrs. A. H. Morrow; Lady Priscella, Mrs. D. W. Stearns.

Box Social Tonight

The box social of the Fraternal Brotherhood tonight at the hall of the order, will undoubtedly be a pleasant affair, as the members of this order are very much in practice on social affairs, holding one at least once a month.

Training Class Begins Work

The first lesson of the Teacher Training Normal class, recently organized in the Primary-Junior Union, was taught yesterday by Mrs. W. D. Baker, at the usual meeting of the union. There were twenty-five pres-

ent and the work was thoroughly enjoyed. Large numbers of people over the land are taking up this work of training for teachers in the Sunday schools, and all who are interested are invited to join the local class, of which Mrs. Baker will be the instructor.

The Junior lesson was given yesterday by Miss Gupta in an efficient and instructive way, Mrs. Baker having charge of the Primary teachers.

Ozmar Dietz is now traveling with the Lombardi Opera Company, having engaged with the orchestra of that company for the season. Mr. Dietz is a violinist of rare merit and this step is probably one of the most advantageous for future recognition by the public.

Miss Myrtle Millward left this afternoon to be the guest of Miss Una Fowler at Hollywood, over Saturday and Sunday.

Miss Murray of Belvedere, Ill., has been the guest of Mr. and Mrs. L. N. Mateer this week.

Miss Mary Plummer of Throop Institute, came down from Pasadena today to be one of the officials at the Santa Ana-San Diego girls' basketball game played this afternoon.

Mr. and Mrs. Chas. H. Wiesseman and their children, Ruth and Chester, from Buffalo, N. Y., who are spending the winter in Southern California, are guests at the home of Mr. and Mrs. Frank W. Wiesseman of Washington avenue.

The Sunshine Society

Mrs. Clyde Bishop was hostess yesterday for the Sunshine Club, royally entertaining the ladies with a daintily served mid-day dinner. Business matters were taken up in the afternoon, election of officers being the principal item. The old officers were re-elected and are as follows: Mrs. Helen Barton, president; Mrs. Clyde Bishop, vice president; Mrs. George Kroll, secretary and treasurer; Mrs. B. F. Beswick, press correspondent; Mrs. Jeanette Magill, chairman relief committee. The next meeting will be held with Mrs. George Kroll.

Clover Club Afternoon

The Clover Club was entertained yesterday by Mrs. O. M. Newman, at her North Main street home, and so pleasant was the afternoon that the entire membership of the club was out for the first time since the beginning of the unpleasant weather. Not only did the sunshine illuminate the pretty parlors and dining room, but the glow of yellow roses used in decoration seemed an added portion of the golden light.

Games and conversation offered variety for the afternoon, with two enjoyable readings given by Mrs. Eckley and Mrs. E. A. Bell.

Places at the dainty luncheon spread later were found by pretty four-leaf clover valentines that marked each cover.

Progressive Whist Party

Mr. and Mrs. W. A. Huff entertained last evening with progressive whist, twenty tables of players being engaged in the time-honored game. Beautiful pieces of hand-painted china were given as ladies' prizes, Miss Stella Preble having best score and Miss Hyatt second. The consolation prize went to Mrs. Arthur Lyon. A handsome silk umbrella was the seasonal first prize for gentlemen, Mr. Charles Kelly being the fortunate winner. Mr. R. S. Marple was almost as lucky, a pair of kid gloves being won by him for second best score, while H. R. Bristol was consoled with a box of linen handkerchiefs.

The card tables were used also for refreshment tables, and the pleasant half hour spent over these was equally as happy as the time spent in the more exciting card diversion. The party was one of the largest and most pleasant of the season.

Miss Smith's Opportunity

Miss May Katherine Smith of Los Angeles, who has frequently visited Santa Ana, where she is well known as a pleasing young woman, a promising actress and a protegee of Madame Modjeska, is achieving success in the East, where she is filling a year's engagement with Frederick Thompson in his play, "Via Wireless."

Of a recent triumph the Los Angeles Herald of this morning says: "Miss Smith is understudy for the 'Via Wireless' company, and last week was called upon with only fifteen minutes' notice to take the part of the leading lady, which she did with marked ability and to the great satisfaction of the manager of the company. For once critics were kind, and Miss Smith received very flattering press notices."

Will Stay in San Bernardino

It has been announced that Rev. Mark Shaw, the popular San Bernardino Baptist minister, who has been considering a call to a Los Angeles church, has yielded to the wishes of his church and will remain as its pastor. There are many people in

Snow Battle Among the Roses

Tomorrow on the west lawn of the Hotel Maryland at Pasadena, will be given a novel fete. It will be a snow battle for the guests of the big hotel and the battle will be waged in a field of roses. What a contrast will be presented between the bloom of the flowers and the cold whiteness of the snow! And how those easterners will enjoy the fun.

The snow will be classic, as it is to be brought down from the frozen heights of Mt. Lowe, in boxes lined with snow to keep it from melting. The millionaires and millionairesses are zealously practicing for the expected snow balling, and the leader of one of the battalions to engage in the snow battle will wear his high silk hat. Won't it be a shapeless mass when the "war is over?"

J. T. Wool has just returned from a four months' visit at his old home in Michigan. He returned by the way of Seattle and found it hard work getting here through the flooded districts of the north.

Attend Banquet

In a delegation from the Santa Ana Chamber of Commerce to the meeting and banquet of the Anaheim Chamber of Commerce tonight will be H. C. Head, S. M. Davis, W. W. Wasser and L. M. Hopper. Davis and Head will speak.

Girl is Missing

Anna Baller is missing from her home in Los Angeles. She is 15½ years of age, a blonde, and weighs 110. It is possible she is in Santa Ana. It is requested that should she be located Dr. J. G. Bailey be notified. If in a good home do not disturb her.

Two New Vets

Certificates have been filed with the county clerk recently by two veterinary surgeons. Dr. D. J. Stevens, who has located at Santa Ana, and Dr. A. R. Wiley, who has located at Fullerton.

Attention Chevalliers!

Be on hand Monday evening, Feb. 1, 1909, at I. O. O. F. Hall. Inspection and installation. Supper at 7 o'clock sharp, followed by initiation, inspection and installation. Bring your lady. Visiting chevalliers and ladies invited. B. UTTELEY, Commandant. W. J. MORRISON, Clerk.

CLAIM SHOTS WERE FIRED

Woman Who Lives on Ranch Arrested—Does Not Act in Insane Manner

On a complaint sworn to by J. P. Skinner, a San Joaquin ranch farmer, Mrs. Emma Baker was arrested today, charged with insanity. F. I. Baker and Skinner, with their families, live in houses close together. Skinner is the man who had trouble with Griffith, a partner, last summer. He claims Mrs. Baker fired shots at his house. Baker and his wife declare they shot at squirrels. Mrs. Baker showed no signs of insanity when brought into town by Deputy Sheriff Wilson, and the officers regard the case as brought about as the result of a neighborhood disagreement.

SPENT \$7,376.96 IN THE TRABUCO DURING THE YEAR

L. C. Comer, secretary of the Santa Ana Tin Mining Co., which owns the mill in Trabuco canyon, has filed proof of labor on the company's claims. During 1908 the company spent \$7,376.96 in the Trabuco, laying 2500 feet of water pipe, experimenting, building fire guards, and work on claims. The company has had from two to seven men at its mill the year through.

CELERY LANDS CO. FILES ITS ARTICLES

The California Celery Lands Co. is the name of a new company that incorporated in Los Angeles on December 21. A copy of the articles of incorporation has been filed with County Clerk Williams. Los Angeles is named as the principal place of business. The company among other things holds itself out to do packing, marketing and dealing in celery and other products, and to deal in lands. The directors are A. M. Ellis, C. L. Peck, J. H. Metzgar, Alfred Siemon and Oscar A. Trippet, all of Los Angeles. The last named is attorney for the company.

TWO MORE COUPLES ARE NOW LEGALLY APART

Final decrees of divorce were given this morning by Judge West to Anna Thomson from Frank Thomson, S. M. Davis appearing as attorney for plaintiff, and to Elizabeth McCordia from David McCordia, R. Y. Williams appearing for the plaintiff.

Reminder of Snow

The cylinder street sweeper was abroad last night and left its calling card on the sidewalk in front of every place of business. The sidewalks were covered with a deposit, the cleaning away of which reminded some people of the days back East when they had to shovel snow from the sidewalk.

—Wheels have removable boxes on our "two-horse" disc plow. J. C. Williams & Son, Orange.

DEBATE CALLED OFF BY ORANGE

Boys Claim They Were Not Given Right Treatment Following Game

The debate which was to have been held Saturday evening between the Orange Union High School and the Santa Ana High at Orange has been called off by the former school.

Some dissatisfaction was felt by Orange with the treatment of its basketball team on last Wednesday, and this has been used as the excuse for calling off the debate. The treatment referred to consisted in some rough-house tussle in which Orange penants got the worst of it. Santa Ana boys claim the rough-house was started by Orange and had Orange come off first best there would have been no complaint. Orange claims it was all Santa Ana's fault.

POWER OF ATTORNEY IN THE KORN ESTATE

A document that has gone through the consulate in two countries has been filed with the county clerk. It is the power of attorney given by Dr. Paul Schlotter of Gera, Reuss, Germany, as trustee of the estate of Paul Korn, a bankrupt, to William and Walter Loewy to act for Paul Korn in the settlement of the estate of F. A. Korn, who died at Anaheim. Paul Korn is one of the heirs. A portion of the document filed here is in German.

Agency is Sold

Notice has been recorded of the purchase by E. B. Garrett of the news stand and paper routes owned by J. H. Walker.

BASEBALL SEASON OPENS TOMORROW

Local High School is to Meet Polytechnic Team on the Grounds Here

High School opens her baseball season tomorrow afternoon at Athletic Park, when the local nine meets the team from Polytechnic High, Los Angeles.

The Santa Ana school has the best chances for the Southern California championship it has had for years. With several of last year's team back in school, and some of the best new players available, the school will turn out a crack bunch of players.

Dubois will again be seen in the box, in all his former good form. Tedford will wear the mask and attend to everything behind the bat.

On first base, Whitson, who played with High School two years ago, will hold everything that comes his way. Whitson and Walbridge, who will play third, are valuable additions to this year's team.

Vanderlip of last year's team, will take charge of second, with Head, captain, at short.

The outfield players are Phoenix, a new man from San Louis Obispo, Newcomer and Vawter.

The complete line-up follows:

Polytechnic	High School
Goodwin	C Tedford
Lafferty	P Dubois
Holmes	1B Whitson
Rough	2B Vanderlip
Lugo	3B Walbridge
Pierce	SS Head
Phillips	LF Vawter
Robertson	CF Newcomer
Slaughter	RF Phoenix

ABOUT CELERY IN THE EAST

Michigan Product is Beginning
to Come Into the Market
Is the Report

Reports concerning celery and celery markets in the east are taken from the Chicago Produce News as follows:

CHICAGO, Jan. 22.—California celery is coming a little more freely now. With favorable weather in California and as the crop is half marketed, probably shipments will continue at the present rate the rest of the season. About 20 carloads per week are received here. The stock is as good as ever seen, as careful spraying by the growers kept it free from blight. Prices continue steady.

Wm. P. Herrick Co., celery specialists, say the Florida demand has been larger than in any other southern states and the southern demand is heavy. Jacksonville takes a lot of celery for the big hotels. When the Florida crop starts freely it will cut into this trade, but for fancy stock California celery will be wanted. Last year Wm. P. Herrick Co. handled about 160 cars of California celery and are now getting about 12 carloads per week.

Michigan celery is coming more freely and the stock is pretty good. The best quality was put away in the fall for later shipment. Hence the improvement in the quality arriving here. Prices of Michigan stock are steady. A few boxes of Florida stock came in a mixed car this week; so this crop will be in the market very shortly.

NEW YORK, Jan. 22.—The movement in California celery this week was rather light. The cold weather interfered during the early part of the week and even when it turned milder the trade did not pick up. Florida stock is becoming more plentiful and this is interfering with the demand for the California product. Rough stock sells at \$5.25. The supply next week will be considerably heavier as 18 or 20 cars are expected. The California Vegetable Union advises its local representatives that the best stock will be shipped this and next week. Up to Jan. 1680 cars had been sent from Southern California while the North had furnished 115 cars. The available stock from the southern part of the state is figured at about 600 cars, while the north will probably ship about 200 cars. In the north a good deal of the celery is late and a large share of it will be ready about March 1.

PALATKA, Fla., Jan. 21.—The truckers here are busy boarding up their celery for bleaching, and large shipments will begin about Feb. 20.

SANFORD, Fla., Jan. 21.—The celery crop is large and of excellent quality and small shipments are beginning to go forward. The first carload was shipped from the west side this year by E. E. Brady Friday. He also has a fine crop of lettuce and two acres of strawberries. A correct estimate of the amount of acreage in celery is about 325 acres, which will make 700 @800 cars.

The bleaching boards are in place on most of the truck farms, and it will require this year 12@14 days to bleach properly, on account of the weather conditions. Heavy shipments will be on by Feb. 15 and continue until April 1. The price per crate at present is \$2.25 f. o. b. Sanford. The truckers have had an exceptionally good year with their lettuce and from all indications they will have a good yield and prices on celery.

The Kingdom of Kings River

There's Money in
This Land

Secure Independence

Put your time and money where you can get the greatest returns. That means get a ranch in our Laguna De Tache lands—in the heart of the greatest and most successful irrigated section of California. Nowhere can a greater variety of crops be raised and at such profits. In addition to the great money saving possibilities this is an ideal location for a home—the environments are perfect—schools, churches, library and other conveniences of a city.

CHEAP WATER--CROP INSURANCE

Don't buy land without water for irrigation. You can't expect dry lands to raise big crops.

Don't buy land with a perhaps water right, nor land upon which water is going to be developed.

Every acre of land in this tract has a water right that entitles the owner to a proportion of this never failing water supply. The cost of water is only 75c per acre per year. Think of it and this charge does not vary as it is fixed by the supervisors of the county.

EXCURSION

Make arrangements to take advantage of the next excursion and investigate this land. Excursions leave Santa Ana every Thursday. We pay your hotel expenses and furnish automobiles to show you the land. Round trip only \$11.50. For full particulars apply to

Laguna Lands Limited
Room 8,
Commercial Bank Bldg.
Santa Ana.

DR. WORCESTER ON PSYCHO-THERAPY

Would Have Children Given a
Chance for Bodily and
Mental Health

One of the gravest of our national faults lies in our manner of dealing with children. To strike a child, especially about the head, is, in my mind, one of the greatest crimes that may be committed. The correction of a child should be by gentle suggestion. Fears and absurd fancies should be driven from the mind. Through fables and foolishness inculcated into the mind of a child irreparable damage is often done. Be calm with a child and give him a chance for mental and bodily health by keeping free of any description from his mind.

Suggestion to a child while he is asleep is in my mind the sanest and safest method of securing a desired result. I have tried this repeatedly, and I know its results to be worthy of the effort.

The control of the mind secured by complete banishment of passion and anger is the agent that will add unlimited capacity to the endurance of the body. It is known that anger acting upon the mind has a paralyzing effect upon the nervous organisms, and by the peace of mind which we aim to effect, the capacity of the body in every direction will be augmented in a surprising manner.

Through a concentration of the precepts of psychology, religion and

medicine, cures of mental and bodily infirmities will be effected and the medium through which this will be accomplished is that of suggestion and the creation of an atmosphere of surroundings fitted to the peculiarity of the particular case.

It is fatal to surround the sick with an atmosphere of death and resignation. An atmosphere of death and melancholy will surely result in death. An impulse for life must be given the sufferer—then there is a chance for his recovery.

VENTURA HAS MANY BEANS TO SELL YET

Price Stays at \$3.50 per 100;
Not Cause for Worry as Such
Is Usual Condition

VENTURA, Jan. 29.—The price of lima beans in the county is at the \$3.50 per 100 mark, where it has been for some time, although during the past week one small lot was sold at \$3.60. There are still about 440,000 sacks of limas on hand. The indications are that shipments for the next thirty days will be fair. It is not expected, however, that more than half the beans now unsold will be disposed of before the new crop comes in this fall. The growers are not worrying over the situation, as there are always heavy holdovers of limas and there is no fear that the present price will drop. During the past week, the Armsby Company purchased 5000 sacks of the Santa Clara Rancho crop at, it is stated, \$3.50.

There is as little demand for the black-eye beans this year as for the other kind. Of the last crop, some 73,000 bags are yet on hand.

"UNDER YOUR OWN VINE AND FIG TREE"

The Semi-Tropic Nursery, located at Sawtelle, S. H. Taft, proprietor, is advertising two fruit specialties in the Register—his "California Concord" grape vine and his "Kadota" fig tree. Mr. Taft says:

"I call especial attention to the California Concord grape and the Kadota fig. As an arbor and table grape the California Concord excels all my other varieties. It's flavor and odor is like the eastern Concord, but the fruit is larger, yet has but one or two seeds to the grape. The vine is far more vigorous, with leaves three times as large as the eastern Concord. During the six years I have been propagating it there has not appeared the least sign of blight or mildew on either leaf, vine or fruit. The grape obtained its name in the following manner: In the autumn of 1903 I handed some

bunches of this grape to Mr. Frank Wiggins in the Los Angeles Chamber of Commerce, of which after eating of them he said: 'This is a very fine grape—what is its name?' I replied: 'It is a new grape, and has no name; I wish you to give it one.' He answered: 'It's form, flavor and odor suggest an appropriate name; it is like the eastern Concord, only I think it richer—call it the California Concord.' I thanked him and made available his suggestion. The superior character of this new grape is commanding for it very much attention, both because of its productiveness, fineness of texture, and delightful flavor. It and the eastern Concord are the only vines of all the varieties I have propagated which have proved wholly immune to blight.

"The Kadota Fig resembles the White Pacific, but is larger and sweeter. The tree is of far more vigorous growth and exceeds the White Pacific in productiveness. The tree bears freely when two years old from the cutting. The second crop begins to ripen in September, and the trees continue to produce ripe fruit for many weeks. I have never seen a fig of any other variety that equals it for fineness of texture and sweetness. As it ripens upon the tree, a liquid looking and tasting like pure honey exudes from the lower end of the fig, often dropping upon the leaves below or on the ground."

The Register will present one of these vines and a fig tree to the first lover of horticulture who applies for it.

Markets, Classified "Ads." and Business Cards

THE MARKETS

DAILY CITRUS REPORT OF EASTERN MARKET

NEW YORK, Jan. 28.—Thirteen cars navel and two cars lemons sold. The market is easier and slightly lower on navels. There is a good demand for good quality lemons. Weather clear and favorable.

NAVELS
Alhambra, S. T. Ft. Ex., Alhambra \$2.50
Our Pride, Arlington Hts. Ft. Ex., Highgrove 2.40
Fairview, Riv. Ft. Ex., Riv. 2.50
Choice, Riv. Ft. Ex., Riv. 2.25
Royal Knight, Redlands-Highlands Ft. Ex., Redlands 2.65
Iris, Duarte-Monrovia Ft. Ex., Monrovia 2.75

LOS ANGELES PRODUCE MARKET

With the gradual advance of the season and the continued sameness of prices on apples, the demand for that fruit continues to grow. One of the largest dealers on the market declared yesterday morning that he can scarcely pack the fruit rapidly enough to supply the call, which is the best of the season. There are various reasons for the good demand. One of these is the fact that prices on apples at this season of the year always advance very rapidly, and for several years past, have been much higher than at present. So far there have been no marked advances on account of the great amount of deciduous fruits still on hand. Another reason for the buying just at the present time is the light offerings of citrus stock. Rains have made it impractical to pick and in order that people may buy one of the staple fruits, dealers are selling apples. Bellefleurs are the variety which has the principal call. This apple is coming out of storage in excellent condition, and is showing a very small percentage of rots. Colorado and Oregon Jonathans are cleaning up rapidly, while Baldwins are in good demand. Hood River stock is showing up well.

Eggs were more firm yesterday morning with receipts of only 168 cases. The local market is now almost entirely dependent on the receipts from the neighboring towns and country. Storage stock is entirely cleaned up and quotations are no longer to be found on the street. An occasional case of eastern fresh is arriving by express. Sales of locals were good and there was a variance of a cent in quotations of case count, making the present buying price from 33 to 34 cents.

Butter was strengthened by receipts of only 9330 pounds, less than sufficient to make up the deficiency in the production by the local creameries. Cooking stock is arriving in better quantities, and some dairy butter is coming in from the surrounding towns.

The first car of Utah onions to sell on the local market was reported yesterday morning. They are of the Australian Brown variety and will arrive within a few days. A car is only about 300 sacks, and therefore makes little difference in the general situation. Prices were steady at quoted figures.

Some underselling on potatoes was reported: It at no time amounted to more than 25 cents to the hundred pounds and made little difference in the general condition of the potato market. Arrivals again amounted to about 8 cars. Sweet potato receipts were more than 200 sacks.

PRICES CURRENT

EGGS—Fresh California ranch, candled selected, 37; fresh ranch local case counts, 33@34; eastern fresh, 34; candled, 39.

BUTTER—Creamery extras, 77½; creamery firsts, 70; dairy butter, 39; cooking, 25; eastern extras, 70 per 2-lb. square.

WOULD RAISE \$150 AT ONCE

Committee Proposes That Every Member Give \$1 to the Fund

The committee of the Chamber of Commerce appointed some time ago to devise a method of raising an indebtedness of \$150, has decided to ask each member of the Chamber of Commerce to give \$1 extra the next time the secretary calls for the pay-

ment of dues. This plan has received the endorsement of the board of directors. It is outlined in the following letter from the committee: To the Directors of the Chamber of Commerce, Santa Ana, Cal. Gentlemen:—Your committee appointed to raise the deficiency of money which exists in the Chamber of Commerce, and realizing that the dues are so low (being only 50 cents per month) that they do not bring in a sufficient amount to meet necessary demands and pay this deficiency, which has existed so long.

Your committee believes that as this is only a nominal sum, each member of the organization will be willing to contribute \$1.00 additional to his regular collection of dues, which will be made by the secretary on the first of February next, and by so doing wipe out this indebtedness.

With the character of the men who compose the Chamber of Commerce, we do not deem it necessary to make a personal canvass for this amount, believing it will be contributed by the members as suggested.

Therefore, your committee does respectfully recommend that the members of the organization be requested to contribute the sum of \$1 and pay the same with the next collection of dues. We are,

Very respectfully yours, F. P. NICKY, N. A. ULM, WM. SCOTT, Committee.

RETIRED WHEN HE SAW GUNS

Nightwatchman at Orange Is Confronted by a Pair at Blacksmith Shop

The nightwatchman at Orange almost smelled powder last night. He heard the click of the pistol and he saw the men and the guns, but by obeying orders he failed to smell the powder.

Ralph Burnett, the nightwatchman, was making his rounds shortly after midnight when the occurrence took place. He approached the rear of Towner & Wheeler's blacksmith shop on North Orange street, when he heard the click of a hammer. An arm was extended around the corner and the hand of the arm held a revolver. Someone asked Burnett what he was doing. He said he was making his rounds. He was told to turn and go. Just then another man appeared in the doorway and he, too, held a revolver and pointed it at Burnett. Needless to say, Burnett retired, the drop being on him.

It is conjectured that the men had gained entrance to the shop for the purpose of getting tools with which to operate in a burglary business. This morning a brace, two bits and two chisels were found on the shop floor. Whether or not any tools were stolen is not stated.

Several times safe robbers in this county have obtained tools from a blacksmith shop in the town in which the "job" was done, and officers believe the watchman at Orange inter-

EXPECT TO OPERATE PLANT BY FEB. 15 (Continued From Page 1)

stockholders of the Pacific Coast Soda Company, held January 28th, 1908, the following directors were elected: James Irvine, A. J. Crookshank, Dr. J. G. Bailey, Mit Phillips, W. H. Neher, E. B. Van Horne and R. T. Harris.

Upon the organization of this Board of Directors, the following officers were elected: R. T. Harris, president; A. J. Crookshank, first vice-president; Dr. J. G. Bailey, second vice-president; Mit Phillips, secretary; E. B. Van Horne, treasurer.

This board has continued to carry out the policy of the preceding board in the completion of the desert extraction plant. We are pleased to state that this plant was completed the latter part of last July, not as early as we had hoped, however, as unexpected difficulties were met which delayed the work to a great extent. We found the water supply not as abundant as expected, and it became necessary to develop more in order to begin operations, with considerable delay and expense. Early in August when everything was in readiness for work, an unusually heavy rain fell, dissolving the soda crusts, causing another delay of some ninety days. In November we found the crusts returning in quite large quantities, when we fully expected to begin the work of extraction and continue throughout the winter months. In this we were again disappointed, as the weather became so cold it was impossible to operate the plant because of the rapid precipitation of the soda crystals back into the slimes. We fully expect to begin work about February 15th, should the weather conditions be favorable, and if the market for the output is favorable the work will continue from that time.

Since our last annual meeting, in addition to the completion of our Extraction plant, we have installed a tubular dryer, at a cost of about \$1500; built additional bunk house quarters, extended the railroad track about one mile, at a cost of about \$2000; built a gasoline motor for hauling crude material from the lake to the plant, at a cost of about \$1500, renovated the chilling vats, and have developed sufficient water for the reduction plant.

We are pleased to report that the crusts are returning in large quantities, and with increased thickness. An analysis of samples taken in December shows the crusts to contain 37% soda products. Experimental tests are being made at this writing from crusts taken from the deposits January 15th. Those in charge of the company's affairs feel very hopeful that these tests will prove profitable to the company.

Undoubtedly some errors have been made in the construction of the plants. It would be strange if this were not so, and it will be still more strange if more are not made. Your Board of Directors has endeavored, however, to give the company's affairs as close attention as their own personal business, and also to exercise the utmost care in the expenditure of its funds.

In May, 1908, a large number of our shareholders visited the plant at Soda Lake and examined the deposits. We believe all were well satisfied with the outlook, and many expressed the belief the enterprise would prove a profitable one. Suggestions were made by some of the visitors with the view to the improvement of the plant, and where practical these suggestions were carried out.

On account of inability to make collections on some accounts, the Board of Directors found it necessary either to abandon the work or take advantage of the privilege granted them at the last annual meeting of the shareholders, namely, creating an indebtedness. After consultation with many of our larger shareholders, it was decided to continue the work, with the result that the company is now about \$10,000 in debt, for which the Directors have personally obligated themselves.

For this reason it was found necessary to levy an assessment, and on January 9th, 1909, such action was taken, an assessment of two cents per share being levied. It is felt that the amount to be realized from this source, together with that which can be collected on subscription accounts in arrears will be sufficient to cover the present indebtedness, and give the board means to go ahead with the work at the extraction plant, for at least a few months, or at least until we can demonstrate whether the enterprise is what we have hoped for, a great success.

The directors are led to believe that within a few months after we are turning out our products we will have a demand for the entire output of the plant.

For this reason and others not mentioned, those in charge of the company's affairs are led to feel confident that success will be ours in the near future.

R. T. HARRIS, President.

BEE INSPECTOR SEES GOOD SEASON FOR THE APIARIES

J. E. Pleasants Reports Nearly Nine Inches of Rain in Silverado for January

J. E. Pleasants, county bee inspector, was in town today from his ranch in the Silverado canyon. He says that the prospects are for a banner year in the bee business in Orange county. The recent rains give assurance of plenty of growth in the foothills and a heavy bloom of sage. The growth has started in fine shape. Mr. Pleasants says that during January there has fallen in Silverado canyon eight and three-fourths inches of rain. Mr. Pleasants went to Los Angeles today to attend the meeting of the State Bee Keepers' Association. E. A. Honey of Orange is secretary of the association.
